

# XIAO PING SONG, PhD

A decade of experience in data science and 3 years leading end-to-end delivery for technical projects. Currently working on software and data engineering across on-premise and cloud platforms. Research and teaching expertise in applied machine learning and geospatial techniques. Certified PMP, ITIL, and AWS Solutions Architect.

My track record includes driving productivity gains by transforming team culture, fostering accountability with transparent reporting, and aligning diverse stakeholders in highly matrixed environments.

## EMPLOYMENT

- 2025
  - **Data Engineering Manager**  
Esri Singapore
- 2024
  - **Senior Data Engineer, Technical Lead**  
Esri Singapore, Professional Services
    - Awarded company-wide 'Most Valuable Player (MVP) - Leadership Award'
    - Spearheaded cross-team initiatives and client negotiations, introducing change controls that reduced project scope by 3000+ development hours
    - Managed team of 12 to complete data migration milestone, enabling resource reallocation to accelerate project-wide progress
    - Developed tools and scripts for data migration and end-to-end validation, achieving 100% sign-off on accuracy and completeness
- 2021  
|  
2023
  - **Postdoctoral Fellow, Project Manager, Adjunct Lecturer**  
NUS College of Design and Engineering
    - Secured 3-year grant for \$1.5 mil
    - Assembled and managed a diverse, cross-organisational team to develop sustainability reporting standards across six work streams
    - Led deployment of IoT sensor networks, delivering real-time data with 60% cost savings by refining requirements and adopting specific wireless technologies
- 2020  
|  
2022
  - **Postdoctoral Fellow, Project & Product Manager**  
National University of Singapore, Faculty of Science
    - Led the delivery of a data product that provides biodiversity performance benchmarks, gaining buy-in from senior management
    - Developed data pipelines and predictive models to assess the spatial distribution of 1,100 species
    - Secured access to sensitive high-resolution (LiDAR) data and \$60,000 for satellite images
    - Led and trained a team of five to proficiency in coding best practices and GitHub collaboration, leading to model training at 8x speed
- 2016  
|  
2020
  - **PhD Researcher**  
ETH Zürich, SEC, Future Cities Laboratory
    - Drove initiatives for industry collaboration, presented at conferences (UK, US, Switzerland, Japan), and published four research papers in leading global journals

## </> CODE & TOOLS

Python / R / SQL / Git  
Azure DevOps / AWS / Google Cloud  
Jira / Workflows / Automation  
ArcGIS Pro / Enterprise / Online  
QGIS / Google Earth Engine  
Docker  
CLI / Bash / Powershell  
Terraform  
dbt (Data Build Tool)  
APIs (REST, GraphQL)

## 📊 DOMAINS & METHODS

Data, software & cloud migration  
Data architecture / modeling  
Data visualization / dashboards  
Geographic Information Systems  
Remote sensing (satellite / LiDAR)  
Image processing (inc. spectral)  
IoT / Wireless technologies  
Utility networks (e.g., water)  
Metrics & feature engineering  
Model diagnostics & debugging  
Linear & mixed models  
Decision trees / Ensemble models  
Unsupervised learning  
Capacity / Curriculum development  
Scrum

## EDUCATION

- 2020 • **Ph.D. in Architecture (Urban Planning / Analytics)**  
National University of Singapore, College of Design and Engineering
  - Applied statistical/ML techniques to develop a cost-effective strategy for managing trees citywide
  - Predicted recreational preferences and crowd behaviour at parks based on social media photos
- 2016 • **B.Sc. (Hons) in Life Sciences, Minor in Technology Entrepreneurship**  
National University of Singapore

## TEACHING / TRAINING SKILLS

- 2023 • **Geospatial Data Science with R**  
Udemy online course  
[@ bit.ly/geospatial-datascience-r\\_udemy](https://bit.ly/geospatial-datascience-r_udemy)
- 2023 • **Geodesign**  
Module Lecturer, National University of Singapore. Master / Bachelor of Landscape Architecture
- 2021 | 2022 • **Introduction to Git**  
University workshops on version control and GitHub collaboration
- 2018 | 2022 • **Introduction to R Programming and Spatial Statistics**  
Online and in-person workshops covering a variety of topics in R  
[@ xpsong.com/posts/intro2r](https://xpsong.com/posts/intro2r)  
[@ xpsong.com/posts/intro2r-spatial](https://xpsong.com/posts/intro2r-spatial)
- 2016 | 2020 • **Weekly Music Classes**  
Part-time Educator, My Drum School Pte Ltd. Attained Net Promoter Score of 75 (top 5%); Best Educator of the Quarter twice in 3 years  
[@ instagram.com/p/BzpCir0HQA-](https://instagram.com/p/BzpCir0HQA-)

## ACCOMPLISHMENTS

- **Certifications**
  - ITIL® 4 Foundation (PeopleCert)
  - AWS Certified Solutions Architect ([AWS](#))
  - Project Management Professional ([Project Management Institute](#))
  - Data Engineering Professional Certificate ([DeepLearning.AI](#), [AWS](#))
  - MLOps Specialization ([DeepLearning.AI](#))
  - Deep Learning Specialization ([DeepLearning.AI](#))
  - Machine Learning Specialization ([Stanford University](#))
- **Awards**
  - SEC PhD Scholarship (Fully Funded), National Research Foundation (2016)
  - Best Full-time National Serviceman, Officer Cadet School (Midshipmen Wing), Singapore Armed Forces (2011)
  - Jacob Ballas Scholar's Award, Perfect score (six distinctions) for GCE 'A' Level Examinations (2009)

## SOFTWARE

-  [biodiversitycity](#)  
Assess the spatial distribution of urban biodiversity between places, across time, and into the future
-  [home2park](#)  
Assess the spatial provision of parks city-wide

Generated using the R package  
[pagedown](#)
